FOREWORD

History

This comprises the codification of the ordinances of the Township of West Cocalico. The Township of West Cocalico was originally settled around 1727. Cocalico Township (an Indian name meaning “den of serpents”) was created in 1729 and split into East Cocalico Township and West Cocalico Township in 1838.¹

The Code of Ordinances of the Township of West Cocalico was prepared by Keystate Publishers, Inc., and adopted by the Township of West Cocalico Board of Supervisors on September 16, 2014, by *Ord. 125B*.

Organization

The Code contains four parts which are (1) the valid current ordinances of the Township of West Cocalico contained in Chapters 1 through 27, (2) the Appendix, which lists by abstracted title all ordinances of a temporary or “one time” nature, (3) the Table of disposition of each ordinance ever enacted by the Township of West Cocalico, and (4) the Index, which is an alphabetical arrangement of subjects.

In the Code each Chapter is separated by a divider tab, and specific ordinances can be located by subject on the contents page at the beginning of each Chapter. The Index may also be used to search for a subject when one is looking for general information on a particular subject, or if it is not known in which Chapter the subject might be found. The Appendix consists of several general categories containing a chronological listing of short subject descriptions along with a reference to the original ordinance and its date of enactment, if known.

The Table of disposition indicates what action has been taken by the Township of West Cocalico Board of Supervisors with regard to every ordinance ever enacted. An ordinance has either been (1) specifically repealed, (2) superseded by another ordinance, (3) is located in a Chapter of the Code book, or (4) is located in the Appendix. Annual tax rate and budget ordinances are located only in the Table. The Table is a cross reference to the original ordinance books of the Township of West Cocalico, and to the location within the Code of each ordinance by number.

 A plan review fee of \$150/ hr. shall be assessed. In addition a fee of \$100 per inspection shall be assessed. Renovations involving only plumbing, electrical, or mechanical trades shall be based upon a fee of \$100 per site visit. These fees may be adjusted lower based upon the simplicity of the project. For Commercial/Industrial projects exceeding 1000 square feet the following fees shall apply (in addition see Accessibility Fees):
 Commercial/Industrial projects over the minimum square footage per use group a plan review fee of \$150/hr shall be assessed and the following minimum inspection fees shall apply with a minimum fee of \$875 for new construction and \$675 for interior renovations.
