1. No person, firm, partnership or corporation, owning or having a present interest in or occupying any real estate in the Township shall, except as hereinafter provided, permit any grass or weeds or vegetation not eatable or planted for some useful or ornamental purpose, to grow or remain on such premises, including any portion of the premises occupied by a street or alley, so as to exceed a height of 6 inches or to throw off any unpleasant or obnoxious odor or to conceal any debris or to create or to produce pollen. All such vegetation is hereby declared to be a nuisance and detrimental to the health, safety, cleanliness and comfort of the inhabitants of the Township.

2. Provided, however, that no such weeds, grass or similar vegetation as heretofore defined, shall come within the terms of this Part except within a radius of 150 feet from a structure inhabited by humans; and, provided further, that weeds or grass intermingled with growing cultivated crops, or on premises adjacent to agricultural land, or land in agricultural use, shall not come within the provisions of this Part.

(Ord. 31, 9/3/1981, §I)

§10-102. Property Owners to Remove, Trim, or Cut Grass, Weeds or Other Vegetation, Responsibility of Occupants.

The owner of any such premises, whether occupied by the owner or not, shall be responsible to remove, trim or cut all such vegetation growing or remaining upon such premises in violation of the provisions of §10-101 of this Part. Both the owner and the occupant, in the case of premises occupied by other than the owner, shall be jointly responsible for the compliance with this Part.

(Ord. 31, 9/3/1981, §II)

§10-103. Notice to Owners and Occupants of Premises.

In addition to the penalties as hereinafter imposed in this Part, the Township Supervisors, or any officer or employee of the Township designated thereby for the purpose, is hereby authorized to give notice, by personal service or by United States certified mail to the owner or the occupant, or either of them, of a violation of the terms and conditions of this Part, directing and requiring such occupant or owner or both of them to remove, trim, spray, or cut such grass, weeds or vegetation, so as to conform to the requirements of this Part, within 5 days after issuance of such notice.

(Ord. 31, 9/3/1981, §III)

§10-104. Violation of Provisions of this Part.

If any such owner and/or occupant shall neglect to comply with such notice within the period of time stated herein, the Township authorities shall have the following remedies:

- A. They may remove, spray, trim or cut such grass, weeds or vegetation so as

to comply with the provisions of this Part; and the reasonable cost thereof, together with an additional penalty of 10 percent of reasonable costs may be collected by the Township from such owner or occupant as a penalty under the provisions of this Part, or in any other manner provided by law. This right as herein vested in the Township shall be in addition to penalties prescribed by the provisions of this Part for the conviction of the owner or occupant as aforesaid to comply with the terms of this Part.

B. They may initiate summary proceedings against any person firm or corporation who shall violate any of the provisions of this Part, upon conviction thereof in an action brought before a magisterial district judge in the manner provided for the enforcement of summary offenses under the Pennsylvania Rules of Criminal Procedure, shall be sentenced to pay a fine of not less than \$10 nor more than \$1,000 plus costs and, in default of payment of said fine and costs, to a term of imprisonment not to exceed 90 days. Each day that a violation of this Part continues or each Section of this Part which shall be found to have been violated shall constitute a separate offense. [*Ord. 125B*]

(Ord. 51, 12/11/1986, §3)

§10-204. Prohibited Acts.

1. It shall be unlawful for any person, firm or corporation to deposit any refuse, offal, garbage, pomace, decaying matter, or organic substance of any kind in or upon any public or private lot, building, structure, accessory structure, premises, or in or upon any street, avenue, alley, parkway, ravine, ditch, gutter, stream, pond, or into any of the waters of the Commonwealth so that same shall or may afford food, harborage, or breeding areas for rats, flies, mosquitoes, or other vectors.

2. It shall be unlawful for any person, firm, or corporation to deposit or permit to accumulate in or upon any premise, improved or vacant, or on any open lot, or alley, any lumber, boxes, barrels, bottles, cans, glass, scrap iron, wire, metal articles, pipe, broken stone or cement, broken crockery, broken plaster, or rubbish of any kind, unless the same may be kept in approved covered receptacles or placed on open racks that are elevated above the ground, and evenly piled or stacked, or disposed of as may be approved by the Department of Environmental Protection. [Ord. 125B]

3. It shall be unlawful to maintain a junkyard or place for the dumping or wrecking or disassembling of automobiles, trucks, tractors, or machinery of any kind or for the storing or leaving of dilapidated, wrecked or abandoned automobiles, trucks, tractors, or machinery of any kind, or of any of the parts thereof, or for the storing or leaving of any machinery or equipment used by contractors or builders or by other persons which said places may afford harborage or breeding areas for rats or other vectors, unless same shall constitute an approved use within the Township, and then only if such other methods of vector control are employed, such as extermination or vector proofing, which will substantially eliminate the breeding, propagation of vectors, or the harborage of same.

4. It shall be unlawful to store refuse in containers other than those which shall be made of durable, watertight, rust-resistant material having a tight-fitting lid which must be kept on the container when in use. These containers must be kept clean by thorough rinsing and draining as often as necessary so as not to provide food or breeding areas for flies. Plastic garbage bags must be kept within such containers.

5. It shall be unlawful to dump, burn, bury, destroy, or otherwise dispose of refuse in such a manner as to foster the propagation of vectors, or except at an approved refuse disposal site.

6. It shall be unlawful to collect, haul, transport, or convey garbage in open, unenclosed, non-leakproof vehicles.

7. It shall be unlawful to construct, maintain or use a sewage system, privy, urinal, cesspool, or other receptacle for human excrement so that vectors may have access to the excrementitious matter contained therein.

8. It shall be unlawful to have, keep, maintain, cause or permit any collection of standing or flowing water in which mosquitoes breed or are likely to breed, other than those occurring naturally, unless such collection of water is treated or maintained so as effectually to prevent such breeding.

3. Every occupant of a dwelling containing a single-dwelling unit shall be responsible for the extermination of insects, and/or rodents, on the premises, and every occupant of a dwelling unit in a dwelling containing more than one dwelling unit shall be responsible for such extermination whenever his dwelling unit is the only one infested. Notwithstanding the foregoing provisions of this subsection, whenever infestation is caused by failure of the owner to maintain the dwelling in a rodent proof or reasonable insect-proof condition, extermination shall be the responsibility of the owner. Whenever infestation exists in two or more of the dwelling units in any dwelling, or in the shared or public parts of any dwelling containing two or more dwelling units, extermination shall be the responsibility of the owner.

(*Ord. 51, 12/11/1986, §5*)

§10-206. Vector Proofing.

The program plan shall state the type of vectors to be controlled, the name of the company contracted to carry out the program, and any and all work to be conducted in an effort to control said vectors. (*Ord. 51, 12/11/1986, §7*)

§10-208. Authority to Abate Vector Problems.

1. From and after passage of this Part, the Township and/or a representative of the vector control program is empowered to make inspections of the interior and exterior of all dwellings, buildings, structures, and accessory structures, premises, collections of water, or any other places to determine full compliance with this Part, and to determine evidence of vector infestation and the need for vector proofing or additions or repairs to existing vector proofing.

2. Whenever it shall be determined that any dwelling, building, structure, accessory structure, premise, collection of water, or any other place is in violation of this Part, a notice shall be issued setting forth the alleged violations, and advising the owner, occupant, operator, or agent that such violations must be corrected. The recipient of the notice shall have 7 days to present to the Vector Control Officer a plan of correction, which shall upon approval be immediately initiated. A recipient shall have an additional 7 days to amend the plan as required by the Vector Control Officer.

3. Whenever said violations shall fail to be corrected within the time set forth in the approved plan, and an extension of this time is not deemed to be necessary, the Township may proceed to abate the said violations in the manner provided by the law. To this end, the Vector Control Officer is hereby empowered, with the Township Supervisors' consent, to enter onto the property where the violation exists, along with such of the Township employees as may be necessary, and take such steps as are reasonably necessary to correct the violation. In the alternative, the Vector Control Officer may contract, on behalf of the Township, for the services of professional exterminators or other contractors to enter onto the premises and abate the violation. All costs attributable to the abatement procedure shall be charged to the owner of the property on which the violation occurs. If the owner fails to reimburse the Township within 30 days of demand for payment, the Township may file a claim in assumpsit, file a municipal claim, or both. This provision shall be in addition to, and shall not replace, §10-211 below.

4. The foregoing to the contrary notwithstanding, the Vector Control Officer may direct specific corrections of a minor nature in the notice. Such corrections shall be accomplished within 7 days of the date of posting of the notice without the necessity of a plan being submitted.

2. Farms shall be exempt from the requirements of §§10-203–10-206, unless the prohibited practice creating or fostering the vector problem results from poor agricultural practices, or practices which are not normally accepted as necessary to the operation of a farm, or which present a direct risk to the health or safety of the residents of West Cocalico Township.

(*Ord. 51, 12/11/1986, §10*)

(Ord. 96, -/-/---, §6)

§10-307. Waiving a Claim for Assessment.

The fire company shall have the right to waive a claim for assessment in any case it deems the losses to be either de minimus or where the cost for litigation would reasonably be expected to exceed the assessment to be collected.

(Ord. 96, -/-/---, §7)

§10-308. Procedures.

The companies shall attempt, to the greatest degree possible, to standardize their procedures in regard to actions taken pursuant to this Part.

(Ord. 96, -/-/---, §8)
